FAQs

What Is a Veterinary Referral, and Do I need it?

- A written referral from the animal's primary veterinarian prior to providing chiropractic care.
- A referral from a veterinarian implies and confirms that a valid Veterinarian/Client/Patient relationship exists.
- Due to Illinois' rules and regulations, a veterinary referral is required to be on file before care can be performed.

How Often Does My Animal Need to come?

- Each animal is unique in itself, especially when it comes symptoms, goals, lifestyle, and age.
- More acute conditions may require your animal to be seen more often.
- The ideal maintenance visit is about 4 - 6 weeks.

How to Schedule an Appointment:
